REMEMBERING A FRIEND

Howard Green worked at CCFL/FLCC for more than 30 years as an academic support specialist, peer tutor coordinator and adjunct tennis instructor at the time of his death on March 1, 2012. Donations in his memory will be used to replace the benches at the FLCC tennis courts with new ones designed and built by New Energy Works and Pioneer Millworks.

John Caraluzzo, associate professor of mathematics, recalls Howard’s influence on his peers and the students he supported: “It dawned on me that in every facet of his work at the College, Howard served as a metaphorical bridge: A bridge connecting his students and the knowledge and skills they were trying to attain. A bridge connecting student tutors and tutees, facilitating their ability to participate in the teaching/learning process. And a bridge connecting faculty with the peer tutoring program, an essential element of the student success strategy of many faculty members.”

Those who made a gift to the project in celebration of Howard’s life include:

ART IN THE HOUSE

Farewell Stage 13

Curt and Nani Nehring Bliss hosted open mic sessions in Stage 13 on the first Tuesday of each month from 1999 to 2009. When Curt became the director of the honors studies program, the Campus Activities Board (CAB) became the sponsor of the popular monthly events.

Curt and CAB began planning one final open mic night in Stage 13 after the date was set for its demolition. Invitations to current students and former Stage 13 singers and musicians resulted in more than 30 acts – several performers are shown here – taking the stage one last time on Feb. 8.

Words and Music

Fingerstyle guitarists Mark Arnold ’01 (far right) and Kinloch Nelson (in back), who performed at the seventh annual words and music event on March 28, are pictured with Curt and Nani Nehring Bliss at the Honors House before the performance.

Alumni Association Presents Awards

The newly opened Student Center was the setting for the May 18 Alumni Awards Celebration. Award recipients are pictured to the left (left to right) with Alumni Association President Ethan Fogg ’00: Donna P. Smith ’81, Outstanding Nursing Alumni Achievement Award; Brian M. Kolb ’71, Distinguished Alumni Award; Matt Hill ’97, Athletic Hall of Fame inductee; Erica Koch Bapst ’98, Outstanding Alumni Art Achievement Award. Missing from the photo were Justin Stevenson ’97, Outstanding Conservation Alumni Achievement Award; and David Swarthout ’79, Outstanding Horticulture Alumni Achievement Award.

In addition, the 2012 Exceptional Service Award recognized more than 100 alumni who have served on the governing boards of the Alumni Association since it was established in 1974. Arlene Rudat Morley ’71, the first Alumni Association president accepted the award on behalf of the group (photo lower left). Arlene, the mother of four in 1968 when she entered CCFL, had completed her bachelor’s degree and was working full-time when Al Corbit asked her to serve. She expressed her gratitude regarding the creation of CCFL, which offered the start she needed for a career as a speech language therapist.

Alumni volunteers who attended the awards celebration include (back row, left to right) Grace Madera ’84 Loomis, Ethan S. Fogg ’00, Douglas Forgue ’89, Susan Shanks ’95, Jack Moran ’79, Steven A. Myer ’85, Henry Roenke ’73, Sarah Moon ’98, (front row) Wilma Henry ’72 Holtz, Arlene Rudat Morley ’71, Loretta Sprague ’95, Karla Sweet ’73 ’76 Taylor, and Jane McComb ’88.
Susan McCarthy, associate professor of nursing, reacted with surprise when President Barbara Risser announced her name as the recipient of the third annual FLCC Spirit Award. In President Risser’s words, this award honors “… a collective passion on this campus – a genuine pride in who we are and the work that we do. We see it reflected on the faces of the people who have made this College their life’s work, and they quietly pass it along to those who follow them.”

Assembly Minority Leader Brian M. Kolb ’71 and his wife, Lauren, hold his Distinguished Alumni Award plaque. The celebration included an announcement of a newly created scholarship, the Brian M. Kolb Leadership Award. Gifts from several of Brian’s friends established it as a tribute to a long-time friend of the college and highly successful alum.

CONGRATULATIONS 2011 NURSING CLASS GRADUATES

The pass rate for Finger Lakes Community College nursing students on the National Council Licensure Examination for Registered Nurses for first-time test takers was 96.36 percent for the 2011 graduating class. FLCC’s pass rate ranks in the top 10 of the approximately 100 associate and bachelor’s degree nursing programs in the state. The average pass rate for first-time test takers for 2011 for all New York associate and bachelor’s degree programs was 84 percent.

Donna Smith ’81, who received the 2012 Outstanding Nursing Alumni Achievement Award on May 18, gave the keynote address at Nursing Advancement the following morning.
THE OPENING WAS GRAND... THE VISION IS ALIVE

President Barbara Risser addresses guests at the May 4 ribbon-cutting ceremony.

To view more photos and details from the event, visit FLCCconnects.com.
The Student Center is a two-story, 78,000-square-foot building that houses a 350-seat cafeteria, larger bookstore, 411-seat auditorium, One Stop Center for enrollment services, Student Life rooms for student government and clubs and a new student lounge.

The Student Center is the first public building in Ontario County designed to be certified under the Leadership in Energy and Environmental Design rating system of the U.S. Green Building Council. Green features include 192 solar panels on the roof, sustainable building materials such as 95 percent recycled structural steel and stone quarried in New York, carpool parking, large windows and skylights to maximize the natural daylight, and a building envelope that exceeds today’s insulation standards.

After the ceremony, attendees gathered on the main staircase for a photo to be included in a time capsule.

A “flash mob” performed a brief routine after the official ceremony had ended and the chairs cleared away.
STATE ASSEMBLY MINORITY LEADER BRIAN KOLB ’71 ADDRESSES THE 44TH GRADUATING CLASS

State Assembly Minority Leader Brian Kolb came to FLCC to give the commencement address and ended up graduating as well. Brian earned a majority of his two-year credits from CCFL when the college held classes in downtown Canandaigua storefronts, but he finished his degree at St. Petersburg College after moving to Florida. Unbeknownst to Brian, FLCC transferred enough credits from St. Petersburg to complete his associate degree requirements at FLCC.

When President Barbara Risser made the surprise presentation, she explained, “We felt a bona fide FLCC associate degree is the best token of our appreciation for your ever-present support for Finger Lakes Community College and our students.”
